

## GOOD FAITH ESTIMATE

Patient name: \_\_\_\_\_

Date of service: \_\_\_\_\_ Procedure scheduled: \_\_\_\_\_

This is a good faith estimate of **The Surgery Center of Viera (SCV)** anticipated gross charges for its facility fees charged to pay SCV for the procedure(s) that have been booked to be done at SCV by your attending physician to treat your condition. It is being provided pursuant to Florida HB1175. Depending on whether the Services booked are, in fact, the services ultimately rendered to you while a patient of SCV, the actual gross charges billed for SCV facility fees may be higher or lower than this estimate.

In accordance with HB1175, SCV is required to let you know that you may or may not pay less for the Services at another facility or in another health care setting. Your attending physician who booked your procedures to be done at SCV, and other health care providers, such as anesthesiologists, interoperative monitoring services, durable medical suppliers, and anatomical pathologists, some or all may provide services to you at SCV, are not a part of SCV facility fees and, if any other services are provided to you the provider(s) will bill separately for their services rendered.

Gross charges billed by SCV, before application of any adjustments for health insurance or self-pay discounts. PLEASE BE ADVISED THAT THIS ESTIMATE HAS NOT AND WILL NOT BE ADJUSTED FOR ANY POTENTIAL SUCH DISCOUNTS. If SCV believes that you have health insurance and/or PPO coverage(s) that may cover some or all of the services, SCV may initiate contact with them to determine your cost-sharing responsibilities for SCV’s bill. If SCV determines that you have cost-sharing responsibilities you will be required to pay your cost-sharing responsibilities in full on or before Services are provided. If you are unable to pay your cost-sharing responsibilities in full on or before Services are provided because you believe you are medically indigent, or you are not covered by a PPO, upon request, SCV, in its sole discretion, may offer you a discount on the amount due and/or offer a payment plan. Any such discount is considered by SCV to be “charity care”. There is no formal application process for obtaining “charity care” at SCV. SCV’s standard collection policy is to produce and send one or more bills to patients for their cost sharing amounts, which if not paid on a timely basis, may then be placed with an attorney or collection to pursue such unpaid amounts.
